Office Action Summary

Art Unit: 3764

DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371© of this title before the invention thereof by the applicant for patent.

2. Claim 1 is rejected under 35 U.S.C. 102(e) as being clearly anticipated by Zdeblick '909.

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Brantigan '772 discloses a method of implanting a spinal implant. Although Brantigan discloses a method of implanting a spinal implant, it was not used to reject claim 1, in the first office action.
